

Amendments to the Specification

Page 16, the first full paragraph, lines 8 to 13, replace the paragraph with:

Next, a detailed example of the sentence composing processing (step 906) performed by the attraction device 801 will be explained in reference to Figs. 10A, 10B, 4 and 6. Generally, the sentence is composed by inserting words into positions (A), (B), (C) and (D) of a template 1000 of a sentence illustrated in Fig. 10A.
